TESTIMONIALS

"I have been using these products for 3 years because they work very well on my sensitive, fair skin. I stock up on all my favorite products. The Peptide Eye Perfector and Wrinkle Relaxing Cream are deeply moisturizing. I can actually feel them soaking into my skin. The Peptide X3 Lipcare goes on clear and smooth with a wand applicator and with a nice, refreshing tingle. Over time, this product has resulted in less fine lines around my lips. I also use the Peptide Protection SPF 30. It's light and goes on without any 'white' sheen. Between scheduled facials, I also use the Micro-Derm Cream to help with removing debris accumulations. As a nurse, I really love that Remedios Skin Care ingredients have been selected to be non-toxic. I am confident they are safe and would highly recommend trying this excellent product line." *S.S. Thousand Oaks, CA*

"I am very impressed with the Remedios Skin Care line. I have been using the Pore Refining Toner, Vitamin C Protection SPF 15 and Wrinkle Relaxing Cream. My skin has never looked better! I love the compliments I receive; asking me if I have had Botox or other work done to make me look younger, when in fact I owe my skin's vitality to these wonderful products." *L.M. Malibu, CA*
